

BUCKET FORKS

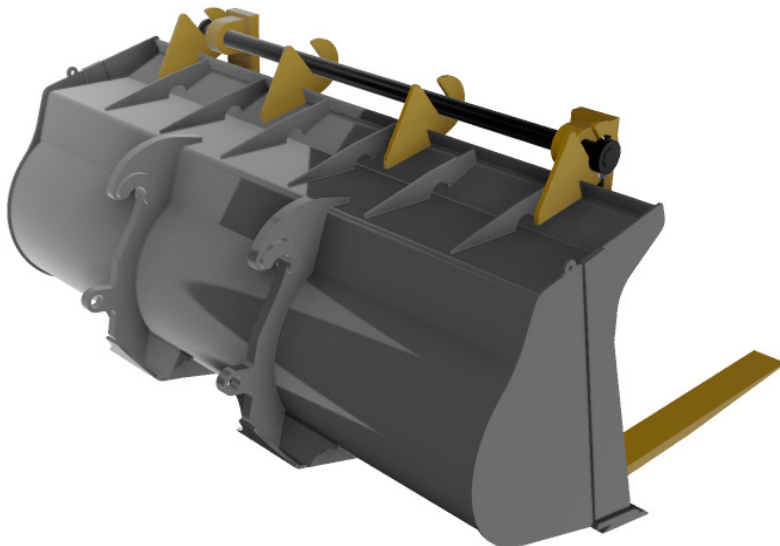

SHAFT-MOUNTED BUCKET FORKS

TURN YOUR LOADER INTO A FORKLIFT

Equip your tractor loader backhoe or wheel loader with bucket forks to handle more! Do it all with just one machine. When it is time to use the bucket, simply drop the forks without leaving the seat.

Rockland Shaft-Mounted Bucket Forks feature forged tines, a solid steel shaft, adjustable fork spacing, as well as the ability to mount the forks in just minutes. You can also equip similar sized machines with mounting brackets to allow a second or third machine to use the same set of forks. Lower your costs and lift your profits by making your machines more versatile with Rockland Shaft-Mounted Bucket Forks.

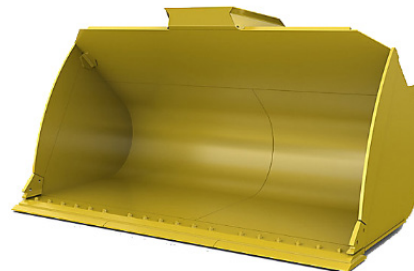

SHAFT-MOUNTED BUCKET FORK SPECIFICATIONS

Rated Capacity (lb)	Tine Size (in)	Shaft Dia. (in)	Bucket Opening (in)	Width Over Tines (in)	Weight (lb)

10000	2X5X48	2	Up to 63	Up to 72	890
10000	2X5X72	2	Up to 63	Up to 72	1000
18000	2.5X6X60	2	Up to 63	Up to 72	1275
28000	2.5X8X72	3	Up to 77	Up to 96	1550

Specifications subject to change without notice.

Buckets with non-traditional profile and/or center spillguard may require modification to mount the bucket forks.

INSTALLATION INFORMATION

Shaft-Mounted bucket forks include two tines, a solid steel shaft, and mounting brackets. The mounting brackets must be welded to the top of the bucket.

WARRANTY

Rockland Bucket Forks are guaranteed against failure due to defective design, materials, or workmanship for a period of two years or 4000 hours.
